

TALK OF COUNCIL TO RULE IRELAND

New Form of Government
May Be Established in
Dublin Castle.

MANY ACQUITTED
BY COURT MARTIAL

New Proclamation Forbids Ath-
letic Meets and Parades With-
out Police Authorization.

Dublin, May 13.—Premier Asquith's
visit to Dublin has been confined to
frequent conferences with the civil and
military officials.

The suggestion of the formation of
an Irish Executive Council for the
management of the government of Ire-
land until the end of the war appears
to have made a good impression.
There has been much discussion of the
subject in all quarters, but no con-
firmation of such a move has been
given by officials.

A relief to the tension in Ireland oc-
curred to-day, when General Maxwell,
commander of the British forces, pub-
licly reviewed and thanked the auxil-
iary troops who fought for the govern-
ment against the rebels. Lady Wim-
borne, wife of the former Lord Lieu-
tenant, and Premier Asquith accom-
panied General Maxwell at the review.
The Premier declined to respond to
enthusiastic calls for a speech.

Maxwell Thanks Loyalists.

General Maxwell's address was an ex-
pression of gratitude to the Officers' and
Nurses' Corps, which held Trinity
College and guarded the Bank of Ire-
land, both of which might have become
strong positions for the rebels; to the
"Veterans" Corps, which lost many men
when the rebels attacked them on
Easter Monday when they marched un-
armed into Dublin, and to the drivers
and attendants on the ambulances, who
worked night and day succoring sol-
diers, civilians and rebels without dis-
crimination.

General Maxwell later issued a pro-
clamation forbidding all parades and
political or athletic meetings in Ire-
land without written police authority.

Since Mr. Asquith's arrival a marked
relaxation in the enforcement of mar-
tial law in Dublin has been observed.
An order issued to-day permits the peo-
ple to be on the streets until midnight
and as early as 4 o'clock in the morn-
ing, giving them many more hours of
freedom at night. This concession is
generally attributed to a suggestion
from Mr. Asquith.

Several prominent men accused of
complicity in the Irish rebellion were
acquitted by the military judges here
because direct evidence of such com-
plicity was not produced, although the
circumstantial testimony is declared to
have been of the strongest character.

ASKS JERSEY BANKERS TO EAT DRY DINNERS

Association Startled at Sugges-
tion of Mt. Holly Member.

Atlantic City, May 13.—The New
Jersey State Bankers' Association held
their annual dinner Friday night. To-
day at the convention being held here
Joseph J. White, a bank president of
Mt. Holly, startled his brother mem-
bers of the association by offering a
resolution that all future dinners be
dry. There was too much imbibing at
the last one, Mr. White told the mem-
bers of the association.

When his audience could regain its
breath it quickly referred the resolu-
tion to the executive committee.

The following officers were elected
for the coming year: John D. Everett,
of Orange, president; William Cham-
bers, Vineland, vice-president; Wil-
liam J. Fields, Jersey City, secretary;
Elwood S. Bartlett, Atlantic City,
treasurer; Henry C. Windsor, Asbury
Park; Alexander S. Ward, Newark, and
Charles S. Laird, of Camden, were
elected members of the executive com-
mittee for the next three years.

TWO BOYS GO COURTING IN SHOWER OF STONES

Envious Rivals Accused of Pel-
ting Wooing Pair.

Dover, N. J., May 13.—The course
of love-making is not smooth in Dover.
Two young men, as complainants
yesterday said that gangs had been
stoning them whenever they called
upon their girl friends in the Morris
Hill section. Jealousy was declared to
be the reason for the attacks.
Complaints were entered against
Louis De Graw and William Trow-
bridge.

NEW GARBAGE PROTEST OUT

Staten Island Has Everything to Fear
in Plant, Says Circular.

Staten Islanders won't quit the cam-
paign against the garbage plant until
they are sure there is no possibility of
it invading their island. The vigilance
committee issued another broadside
yesterday. Under the title of "We
don't want the garbage plant; we
won't have it!" a glaring circular cried
that after all the arguments pro and
con, these facts remained:

"That it is proposed to haul 2,000 tons
of rotten garbage under our noses
every day. That the process does pro-
duce offensive, sickening odors when
the 'sealed receptacles' are opened.
That the water discharged causes a
foul stench. That Staten Island's only
assurance that the plant will not be a
nuisance is the opinion of officials who
have no facts to justify such opinions.
That, instead of 'having nothing to
fear,' as the benevolent contractors
put it, we have all these things to
fear."

A. F. OF L. ENTERS CLOTHING STRIKE

Locked Out Workers Glad
of Support of Federa-
tion's 2,000,000 Men.

Garment workers all over the city
yesterday were jubilant over the for-
mal entrance of the American Federa-
tion of Labor into the lock-out and
strike situation in New York. Benja-
min Schlesinger, president of the In-
ternational Ladies' Garment Workers'
Union, will confer in Washington with
the executive committee of the federa-
tion.

Prompt relief for idle workers is ex-
pected. Not only financial assistance
will be offered, it was said, but the
Federation, with its 2,000,000 members,
would have power to force, if not dic-
tate, the adjustment of the controversy.

Out-of-Town Relief Stopped.

In Boston, where New York makers
are trying to get their contracts placed,
steps are being taken by the Joint
Board of the Cloak and Suit Makers'
unions to order out union members in
shops working for New York manufact-
urers. Assessments on each union
member are being made to help out
their co-workers in New York.

No work will be accepted in Chicago
from New York manufacturers. Cleve-
land, virtually the only city where the
cloak unionists are not organized, of-
fers the best field for the manufact-
urers, but organizers already are there
consolidating the workers.

Carpenters Fight On.

New York's District Council of Car-
penters continues to defy President
William L. Hutchinson, international
president, who recently settled with
the strikers' employers for a 25-cent
increase instead of the 60-cent raise
the men demanded. They are now get-
ting \$5 a day. Three thousand mem-
bers are out.

One hundred and twenty-five em-
ployees of the Federal Sugar Refinery
in Yonkers walked out again yesterday,
saying the company has not kept its
promises.

Chicago, May 13.—A nation-wide tel-
egraphers' strike in June is promised
by the twenty-two telegraphers who
were discharged by the Western Union
to-day.

Princeton, N. J., May 13.—A strike at
the Matthew Construction Company
which held up \$4,000,000 worth of con-
tracts was settled to-day in favor of all
the strikers' demands. The strike
stopped work on the Rockefeller Insti-
tute, the Princeton University dining
hall and the Quadrangle Club building.

FREIGHTER AFIRE CALLS AID BY WIRELESS

Fireboat Rushed to Kandahar in
Ambrose Channel.

A wireless call for help at 9 o'clock
last night told of a fire raging in hold
No. 4, of the Steamship Kandahar, in
the Ambrose Channel. The message
received at the Seagate Marconi Sta-
tion was dispatched to the fire head-
quarters at Brooklyn and Fire Chief
Lally immediately hurried the fireboat
William J. Gaynor to the assistance
of the burning vessel.

The Kandahar is a freighter plying
between New York and the Far East.
Up to a late hour no word had been
received from the boat.

Greeks in Samos in Ferment.

Athens, May 12.—Revised disorders
on the Greek island of Samos, off the
west coast of Asia Minor, have as-
sumed a serious aspect. The govern-
ment is taking vigorous measures to
meet the situation.
